SHANE LANG

Registration 10:30 am to 12:00 pm

OUR MISSION STATEMENT

JETS of America is a 501(C)(3) Semi Tax
Deductible Organization
since it's inception in November of 1997.
The goal of "Joining Everyone To Share"
has remained the same:

To Help Those That Are Less Fortunate.

On January 15, 1998, the non-profit organization
united and began to raise monies through efforts in-
cluding cocktail parties, holiday soirees, fishing ex-
cursions and generous donations from others that
wanted to make a difference.

The members of JETS are a diversified group consist-
ing of both men and woman tied together by the
common thread of wanting to give a little happiness
to those that are in need of hope, caring and support.
These members realize that a little humanitarianism
will not only help the unfortunate but will also enrich
their own lives by feeling an enormous amount of ful-
fillment. The common goal of selflessly trying to
change the lives of the less fortunate has brought
this group closer to each other, closer to themselves
and closer to humanity.

The JETS responds to the need of both children and
adults, dealing with an illness, groups or causes.
Wanting to help all in need is their main objective.
Past causes for fund raising that the JETS have con-
ducted include: Scleroderma, a burn victim who
needed a skin graft suit, toys for children at Christ-
mas time, funds for families who couldn't afford to
pay funeral expenses, a young man with leukemia,
another gentleman with Hodgkin's Lymphoma. The
JETS try to make life seem positive for these unfor-
tunate souls by showing them that there still are
people who care enough to help in any way they can.

Anthony J. Carbone
Chairman of the Board
